

Agencies Seek Public Comment on Proposed Shipping Terminal to Export Coal

US Army Corps
of Engineers®
Seattle District

Millennium Bulk Terminals – Longview, LLC has proposed to build and operate a shipping terminal to export coal at the site of the former Reynolds Aluminum smelter at 4029 Industrial Way, Longview, Washington.

The U.S. Army Corps of Engineers, the Washington State Department of Ecology, and Cowlitz County have determined that the proposed shipping terminal may have potentially adverse environmental impacts and will require a formal study of those potential impacts through separate but synchronized state and federal Environmental Impact Statement (EIS) processes.

The first step in conducting an EIS process is to seek public comment during a scoping period to help identify issues and concerns that should be considered in developing the state and federal EIS documents. **The scoping period opened for public comment on August 16, 2013 and will close on November 18, 2013.** People who wish to participate in the scoping period have multiple ways to provide comments, including online, by mail, and at public meetings where both oral and written comments can be accepted. All comments will be valued equally regardless of how they are submitted. *All comments provided during this meeting will be considered by all three Agencies.*
