Jobs created by a coal terminal here would be
to much at risk to gain any little. Coal dust is
unavoidable with our rains its going to get into
the columbia river possibly impacting our fisheries.
very negatively. I live less than a mile due east
of a large railroad switch yard next to
the cowlitz river its very busy now I cant imagine
what it would be like if 16 more trains
a day come through there. Millennium has left
so many questions un answerd. How will they contain
the coal dust? How will they move it
(additional space is provided on the back)

(comment continued)

THE COAL STARTS THAT CLOSE TO THE RIVER?
WHAT HAPPENS IF THEY SPILL IT? IF WE
GET SICK BECAUSE OF THE COAL DUST IS
MILLERUM GOING TO TAKE CARE OF US? ~~PP~~
THE NORTHWEST IS KNOWN FOR THE GREEN TREES,
CLEAR WATER, GOOD FISHING & MYSELF WILL
VOTE NO ON ANY EFFORT TO BRING ANY KIND
OF BULK TERMINAL HERE TO LONGVIEW.
