(NEPA)

Cowlitz County and the Washington  
State Department of Ecology (SEPA)

### Does your comment relate to one of the following areas?

#### Human Environment

- Noise
- Air Quality
- Human Health
- Transportation
- Other Human Environment Topic

#### Natural Environment

- Plants and Animals
- Marine Species, Fish, or Fisheries
- Wetlands or Streams
- Water Quality
- Other Natural Environment Topic

#### EIS Process

- Alternatives
- EIS Regulatory Process
- Other EIS Process Topic

## PLEASE SHARE YOUR COMMENTS BELOW:

Many have spoken eloquently this evening. It is an important part of democracy to have citizen input. History of the region (Eastern Washington, North Idaho, Montana, Western Washington) has crucial lessons for us. From <sup>open</sup> mining in Canada + Idaho, to railyards + vermiculite/ asbestos sites, to mine residues metals in lakes + rivers, to radioactive waste on the Spokane Indian Reservation + Hanford the unintended consequences of well intended

(additional space is provided on the back)

development follows us. The costs  
& reparation continue & in many  
cases - heavy metals & radioactive  
storage may never end.

I urge deep, wide, forward looking  
EIS to be done. All factors especially  
human & environmental must be  
addressed.

Thank You  
Clair Tyrie - Spokane  
Elaine Tyrie
