

## PUBLIC SCOPING MEETING COMMENT FORM

Please submit your comments on the Millennium Bulk Terminals – Longview Environmental Impact Statement by November 18, 2013 in order to ensure your comment is included in the scoping summary report. Comments can also be submitted online at <http://www.millenniumbulkeiswa.gov>.

### To whom would you like to address your comments?

All Agencies  
(NEPA and SEPA)

US Army Corps of Engineers  
(NEPA)

Cowlitz County and the Washington  
State Department of Ecology (SEPA)

### Does your comment relate to one of the following areas?

#### Human Environment

- Noise
- Air Quality
- Human Health
- Transportation
- Other Human Environment Topic

#### Natural Environment

- Plants and Animals
- Marine Species, Fish, or Fisheries
- Wetlands or Streams
- Water Quality
- Other Natural Environment Topic

#### EIS Process

- Alternatives
- EIS Regulatory Process
- Other EIS Process Topic

### PLEASE SHARE YOUR COMMENTS BELOW:

I am very concerned about how the toxins in coal dust and diesel fumes will ~~harm~~ harm the natural environment ~~along~~ the entire transport route. Our forest lands, wildlife - especially Federally listed endangered species - are already struggling to survive the climate change and habitat loss we have caused. To add all these poisons to the land & air is unacceptable! We can do better!  
Honeybees are a special concern of mine.

(additional space is provided on the back)

(comment continued)

All pollinators are experiencing tremendous challenges. We NEED them to pollinate our FOOD. I have seen dramatic changes in my own yard. We cannot continue on this path!

Please look into the effects of all that coal dust and fumes on wild lands & animals and pollinators.

This earth is beautiful, irreplaceable, and sacred to me. The future of life as we know it, and the future of our grandchildren hang in the balance.
